

MusicSoft Manager Manual

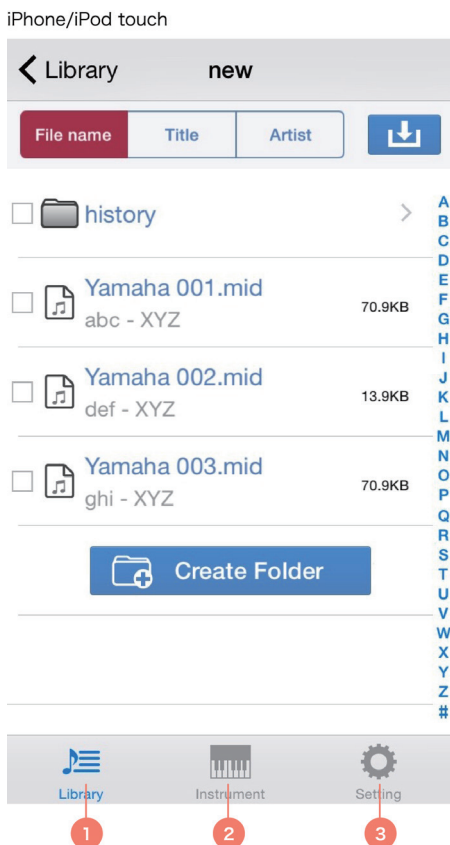

Designed for the iPhone, iPod touch, and iPad, MusicSoft Manager can be used to perform the following management tasks for songs, style data, and other files used on digital musical instruments.

- Transfer data between this app and musical instruments, computers, and the online storage service Dropbox.
- Connect to your musical instrument and rename or delete files stored on it.

NOTE

- For details on connecting to digital musical instruments, refer to the [iPhone & iPad Connection Manual](#).
- Offering cloud storage and file synchronization, Dropbox is a file hosting service operated by Dropbox Incorporated. Registered users can share files between multiple computers and mobile devices via online storage.
